CMA

Behind every successful business decision there is always a CMA.

The Institute of Cost accountants of India (ICAI), previously known as the Institute of Cost & Works Accountants of India (ICWAI), is a premier statutory professional accountancy body in India with the objects of promoting, regulating and developing the profession of cost accountancy. It is the only regulating body of cost & management accountancy profession in India.

How to Be a CWA (CMA)? First Step is Foundation Course

After completing 10+2, one can apply for foundation course.

CMA-Foundation Subjects:-

- Fundamentals of economics and Management
- Fundamentals of Accounting
- Fundamentals of laws and ethics
- Fundamentals of Business mathematics and statistics.

QUALIFYING MARKS FOR CMA

FOUNDATION:

A candidate shall be declared to have passed the Foundation Programme examination if he/she obtains a minimum of 40% marks in each subject and 50% marks in aggregate of all the subjects put together.

Intermediate Course

After graduation or after clearing the foundation course, one can go for intermediate examination. For appearing in intermediate course, it is mandatory to undergo postal or oral tuition. This course has two groups, Group I and Group II.

Final Course

After clearing the Intermediate Examination, one is qualified for the Final Examination. This course also has two groups, Group I and Group II.

Now, it is mandatory to undergo three year training, to be a qualified CMA.

Work Profile of CMA

A cost and works accountant, establishes budgets and standards, evaluates operational efficiency of an

organization and the effectiveness of production and service management, formulates the profile planning programme, guides managerial decisions, and thus renders valuable assistance to the management. Successful CMA holds important position as that of managing director, finance director, Accountant, Cost Controller and Chief auditor in various sectors.

Cost & Work Accountant (Now called Cost & Management Accountant (CMA) deals with collection, classification, analysis and interpretation of cost related data, to help the top management, in making the right decision at the right time. They look into costing of products and services, planning and implementation of effective cost management systems, inventory control, optimization of costs, associated with various aspects, investment analysis, project management, internal audit of business transactions, etc.

CMA Foundation Examination is held twice a year in June and December.
